Home-school links

Seesaw is our primary platform for keeping in regular contact with you about your child's learning. If you haven't connected yet, please contact the office where they will be happy to send an invite request.

We will use Seesaw to:

- ☐ set weekly learning tasks for children in Years 3 that focus on reinforcing learning from the week, extending learning further, and/or previewing upcoming learning
- ☐ enhance the learning at school
- ☐ provide helpful announcements/reminders to families and children
- ☐ inform families of the weekly learning and how they can support
- ☐ celebrate awards and achievements
- ☐ Build a strong partnership between home and school

*Seesaw should **not** be used to send messages **regarding incidents at school, concerns to raise, medical needs or absence requests**. Messages are checked once a week and are used primarily for the teacher to contact parents to share learning celebrations and expectations; please email the info account if you wish to contact the teacher about any of the above.*

Year 3 Holiday reading list

Here are some suggestions of great books that you could read over the holidays.

Summer Reading Challenge at your local library https://www.richmond.gov.uk/summer_reading_challenge

A lift-the-flap book packed with information about life from the Stone Age to the start of farming, early metal working and the Iron Age. A fun and informative first look at a key UK curriculum topic.

Marcy becomes trapped inside an Ancient Egyptian Sphinx. On her journey Marcy must learn to overcome her fears and challenge evil as she encounters hieroglyphs, Egyptian gods and ancient tombs as she goes about her quest.

Readers familiar with the *Where's Wally?* books will dive right in without hesitation as they search for different characters, animals, symbols and objects that all build up to create a detailed picture of different aspects of life in Ancient Egypt.

In distant northern lands, the ice bear has given birth to two tiny cubs. As she sleeps, Raven the trickster steals one cub away, dropping him as a human child in the path of a hunter and his wife.

Takes you on a journey of scientific discovery. Find out how we use forces everyday; which force pulls objects down holes and why Earth acts like a huge magnet. Explore which materials are magnetic and discover how to test them.

Included with the book is an actual seed packet that's plantable so your child can see the story of the book with their own eyes.
